2021 CATALOGUE

CANADA

2021 Cheviot Product Guide

CANADA - Suggested List Price in Canadian Dollars

From the contemporary to the traditional, Cheviot offers the highest quality cast iron and solid surface bathtubs, luxurious bath faucets and accessories, and elegant ceramic bathroom fixtures.

TERMS AND CONDITIONS

Prices

All prices are F.O.B. Port Coquitlam, British Columbia and are subject to change without notice.

Terms of Sale

Our terms are Net 30. Service charge of 1 1/2% per month will be added to amount outstanding over 30 days from invoice date.

Receiving Goods

It is important to check the accuracy of your order and the condition of the goods immediately when received. Doing this can help to avoid unnecessary misunderstanding, delays or inconvenience.

DO NOT allow any products to be installed that are thought to be unacceptable in any way. We take the view that any product installed will be deemed acceptable by the customer.

Returns

A return goods authorization must be obtained prior to any merchandise being shipped back to Cheviot Products. Returns made for reasons other than our shipping error or defects will be subject to a 25% restocking charge. Transportation costs for returns must be paid by the buyer.

Contact: rga@cheviotproducts.com.

Claims and Damages

All goods are inspected before leaving the warehouse, and delivered to the carrier in good order. Shipments become the property of the consignee who assumes the risk of loss or damage in-transit. All claims arising there from must be immediately made to the carrier by the consignee. Other claims for variances or shortages will not be considered unless presented within five days after receipt of goods. Buyer agrees to make all claims for goods damaged or lost in transit against the carrier.

Limited Product Warranty

Our fixtures are warranted to be free of defects in material and workmanship for a period of one year. Cast iron claw foot bathtubs carry a three months warranty when used for commercial purposes. Any parts that are proven defective by our inspection in material or workmanship and have not been subjected to abusive treatment or faulty installation, will be replaced free of charge, but with no allowance for labour, other expenses or losses. We make no other warranties, express or implied, including that the product sold is merchantable, or fit for a particular use. Under no circumstances shall we be made liable for special or consequential damages, loss or expense of any nature whatsoever.

C A S T I R O N

Cheviot cast iron bathtubs are handmade in Europe with the finest materials.

Fired with a thick coating of AA grade titanium-based enamel for unparalleled hardness and non-porosity, the extremely durable surface is easy to clean and resistant to stains, bacteria and other microbes. Cast iron keeps your bath warm for the longest possible time.

Cast Iron • MADE IN EUROPE • No Faucet Holes • Slip Resistant Bathing Well

S O L I D S U R F A C E

Bringing together modern design
and the latest production technologies,
our engineered solid surface bathtubs
make a statement in any bathroom.

Finished to a glossy shine by hand,
these bathtubs are a labour of love.

They are designed for a lifetime of
enjoyment and ease of maintenance.

Every good bathtub needs a great tub filler.

Cheviot tub fillers and accessories
are designed to work with and
complement our luxurious collection
of bathtubs. A full range of styles is
represented from modern to traditional,
from free standing to rim mount.

Extensive use of brass and real ceramic
accents are just some of the details which
elevate our products above the rest.

Legend

TM (Tub Mount)

Faucet can be mounted to the inside wall of the bathtub. #35576 Water Supply Lines should be used.

WM (Wall Mount)

Faucet can be mounted to the wall of the bathroom.

FS (Free Standing)

Faucet can be made free standing by using #3965, #3970, #3970XL or #3980 Water Supply Lines.

RM (Rim Mount)

Faucet can be mounted to the rim of a bathtub with 6" centres by using #39826 Pillars.

6" drilling

Faucet can be mounted to the rim of a bathtub with 6" centres. #3411 Water Supply Lines should be used.

7" drilling

Faucet can be mounted to the rim of a bathtub with 7" centres. #3411 Water Supply Lines should be used.

6"-8" drilling

Faucet can be mounted to the rim of a bathtub with 6", 7", or 8" centres. #3411 Water Supply Lines should be used.

DM (Deck Mount)

Faucet can be mounted to the deck of the bathtub enclosure.

*NOTE: Tub weights

Tub weights presented are for empty tubs only. Water and packaging weights are not included.

BATHROOM SINKS

DESIGNER COLLECTIONS

The items presented in the following pages have been designed in collaboration with internationally recognized icons of industrial design. Special attention has been given to the form, function, and inspiration of each collection.

A fact testified to by the designer's signature glazed into each piece. The Designer Collections highlight our commitment to innovative and unique bathroom solutions for the luxury consumer.

Cheviot

Ruy Ohtake

The Ruy Ohtake Collection was inspired by natural phenomena such as the curve of a wave, the ever-changing line of the horizon, and one of nature's purest forms, the egg.

"I really like the curved element because it's harder than a straight line," Ohtake, reflects about his design. He chose the shape of the curve, because it is not fixed in its course; rather, it is unpredictable and can be perceived differently by various observers depending on their viewing angle.

The collection is a reflection of life: moving, changing, beautiful.

Plural

Designed in collaboration with Milan-based American designer,
Terri Pecora.

Inspired by the heritage of communal bathing spaces
and rituals, the award-winning Plural collection
presents the bathroom as an informal
living space, making it the new heart of the home.

Organic-shaped design elements can
be used in multiple combinations to form a
personalised intimate setting, while a neutral
colour palette and American Walnut wood
finish bring a sense of warmth and domesticity.

Equal

Designed in collaboration with

Claudio Bellini.

Equal represents the equilibrium between the rational and the sensual.

It employs basic geometric forms obsessively shaped by simplicity, embracing at the same time natural organic forms. Through the ordered, edgy but still rounded and soft forms, Equal creates the ultimate bathroom harmony.
